University and semantic representations We may say that the grammar of the language L
generates a set of pairs s, I where s is the phonetic representation of a certain signal² and I is
the semantic interpretation assigned to this signal by the rules of the language To discover this
grammar is the primary goal of the linguistic investigation of a particular language Language
and Mind UGR Language and Mind This is the long awaited third edition of Chomsky's
outstanding collection of essays on language and mind The first six chapters originally
published in the 1960s made a groundbreaking contribution to linguistic theory This new edition
